SESSION PROPOSALS FOR IMA2014

Preparations are coming along well for the 21st meeting of IMA in Johannesburg. The first call for session proposals has yielded a wide variety of topics and themes, which will help us put together a comprehensive and stimulating scientific programme of oral and poster sessions, workshops and short courses. Those interested in submitting proposals but who missed the first opportunity are encouraged to respond to the call for detailed proposals. An extensive list of exciting field trips has also been compiled, and these promise to attract many people. Please visit our website or e-mail us at info@ima2014.co.za for any queries. We look forward to welcoming you to South Africa in 2014.
