

Albert-Ludwigs-Universität Freiburg
Mineralogie - Geochemie

Postdoctoral Research Fellow _ University of Freiburg, Germany (German C1)

The Institute of Geosciences at the University of Freiburg, Germany, is seeking applicants for a 3 + 3 year research fellow position (C1) in mineralogy, petrology or geochemistry. Starting date is October 2010. The appointment is initially for three years and extension for three more years is possible following review.

Applicants are expected to have completed their doctoral degree at the time of appointment and to have demonstrable research experience in a specialty within the fields of mineralogy or petrology or geochemistry. Research collaboration with current faculty members is expected.

Responsibilities will include conducting and publishing results of basic or applied research, development of both individual and collaborative research programs and teaching selected courses within the curriculum of the institute including igneous petrology (four hours per week). Expertise in one or more of the following analytical techniques is desirable: EMPA, XRF, XRD, aqueous geochemistry (water analyses).

Salary will be approximately 40,000 Euro and depends upon age and qualifications.

Further information about the institute, the position and potential research collaborations can be obtained at <http://www.minpet.uni-freiburg.de> or from Professor Kurt Bucher (info@minpet.uni-freiburg.de).

Applications should include a full curriculum vitae, a structured list of publications, a statement of research interests and a statement of teaching experience and interests.

Applications should be submitted before July 10, 2010, to: Kurt Bucher, Institute of Geosciences, Mineralogy and Geochemistry, University of Freiburg, Albertstrasse 23b, D-79104 Freiburg, Germany.
