

Elements

An International Magazine of Mineralogy, Geochemistry, and Petrology

Volume 14, Number 1 • February 2018

PHOTO: RACHEL K. SMEDLEY

Elements is published jointly by the Mineralogical Society of America, the Mineralogical Society of Great Britain and Ireland, the Mineralogical Association of Canada, the Geochemical Society, the Clay Minerals Society, the European Association of Geochemistry, the International Association of GeoChemistry, the Société Française de Minéralogie et de Cristallographie, the Association of Applied Geochemists, the Deutsche Mineralogische Gesellschaft, the Società Italiana di Mineralogia e Petrologia, the International Association of Geoanalysts, the Polskie Towarzystwo Mineralogiczne (Mineralogical Society of Poland), the Sociedad Española de Mineralogía, the Swiss Society of Mineralogy and Petrology, the Meteoritical Society, and the Japan Association of Mineralogical Sciences. It is provided as a benefit to members of these societies.

Elements is published six times a year. Individuals are encouraged to join any one of the participating societies to receive *Elements*. Institutional subscribers to any of the following journals—*American Mineralogist*, *Clay Minerals*, *Clays and Clay Minerals*, *Mineralogical Magazine*, and *The Canadian Mineralogist*—also receive one copy of *Elements* as part of their 2018 subscription. Institutional subscriptions are available for US\$165 (US\$180 non-US addresses) a year in 2018. Contact the executive editor (jross.elements@gmail.com) for information.

Participating Publisher

Luminescence Dating: Reconstructing Earth's Recent History

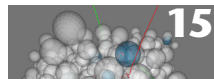

Guest Editors: Rachel K. Smedley and Ann G. Wintle

9

Telling the Time with Dust, Sand and Rocks

Rachel K. Smedley

15

Innovative Dose Rate Determinations for Luminescence Dating

Guillaume Guérin

21

Dates and Rates of Earth-Surface Processes Revealed using Luminescence Dating

Tammy M. Rittenour

27

Timelines for Human Evolution and Dispersals

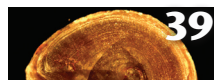

Richard G. Roberts and Zenobia Jacobs

33

Luminescence Thermochronometry: Investigating the Link between Mountain Erosion, Tectonics and Climate

Frédéric Herman and Georgina E. King

39

Seeing Snails in a New Light

Geoff A. T. Duller and Helen M. Roberts
