**APPLIED GEOCHEMISTRY EXCELLENCE IN REVIEW AWARDS**

Since the founding of Applied Geochemistry in 1986, many outstanding reviewers have helped shape our Society’s journal and our success as a Society. We are indebted to those contributions, and starting in 2020, we began highlighting the reviewers who deserve extra recognition. The editorial board of Applied Geochemistry launched our annual “Excellence in Review Award” to recognize the dedicated community of expert reviewers inside and outside our organization. We offer a big THANK YOU to all our awardees, and congratulations!

- **Ellina Bernard** – Empa, Laboratory for Concrete & Construction Chemistry, Switzerland
